## Nature, Learning & Smiles: Nursery Vocational Visit

As part of our Vocational Education programme, an exciting educational visit transformed the outdoors into a vibrant classroom where learning came alive through exploration and discovery. Surrounded by nature, children explored lush greenery, observed different plants, and experienced the joy of learning through real-life experiences. Every step encouraged curiosity, observation, and meaningful interaction with the environment.

The visit inspired active participation and a deeper appreciation for nature while nurturing confidence, observation skills, and a spirit of exploration. It was a memorable experience that fostered joyful learning and created lasting memories, encouraging every child to discover, grow, and connect with the world around them.

Stepping beyond the classroom, our students embarked on a delightful journey of discovery as part of the Vocational Education programme. Every tree, flower, and open space became an opportunity to ask questions, observe closely, and learn something new. This engaging experience nurtured their curiosity, strengthened observation skills, and inspired a lasting love for exploring the world around them.

*"The best classroom is  
the world around us."*

## Exploring Today, Inspiring Tomorrow

Our Nursery students participated in a memorable outdoor learning experience under the Vocational Education programme, where learning came alive through hands-on exploration. Interacting with nature helped them build confidence, develop environmental awareness, and appreciate the beauty of the world around them. Every small discovery became a meaningful milestone in their journey of joyful learning and holistic growth.

# Casting Votes, Building Leaders

The Student Council Election at SVR Chinmaya School was conducted with great enthusiasm, providing students with a valuable opportunity to experience the true spirit of democracy. The election process encouraged every student to participate responsibly and understand the importance of making thoughtful choices.

Students actively took part in the voting process with sincerity and excitement, demonstrating respect for fairness, equality, and responsibility. The event reflected the values of participation, accountability, and teamwork that are essential in building a strong school community.

The Student Council plays a vital role in representing the voices of students and promoting a positive learning environment. Through this election, students gained a deeper understanding of leadership as a commitment to serve, inspire, and work together for the benefit of everyone.

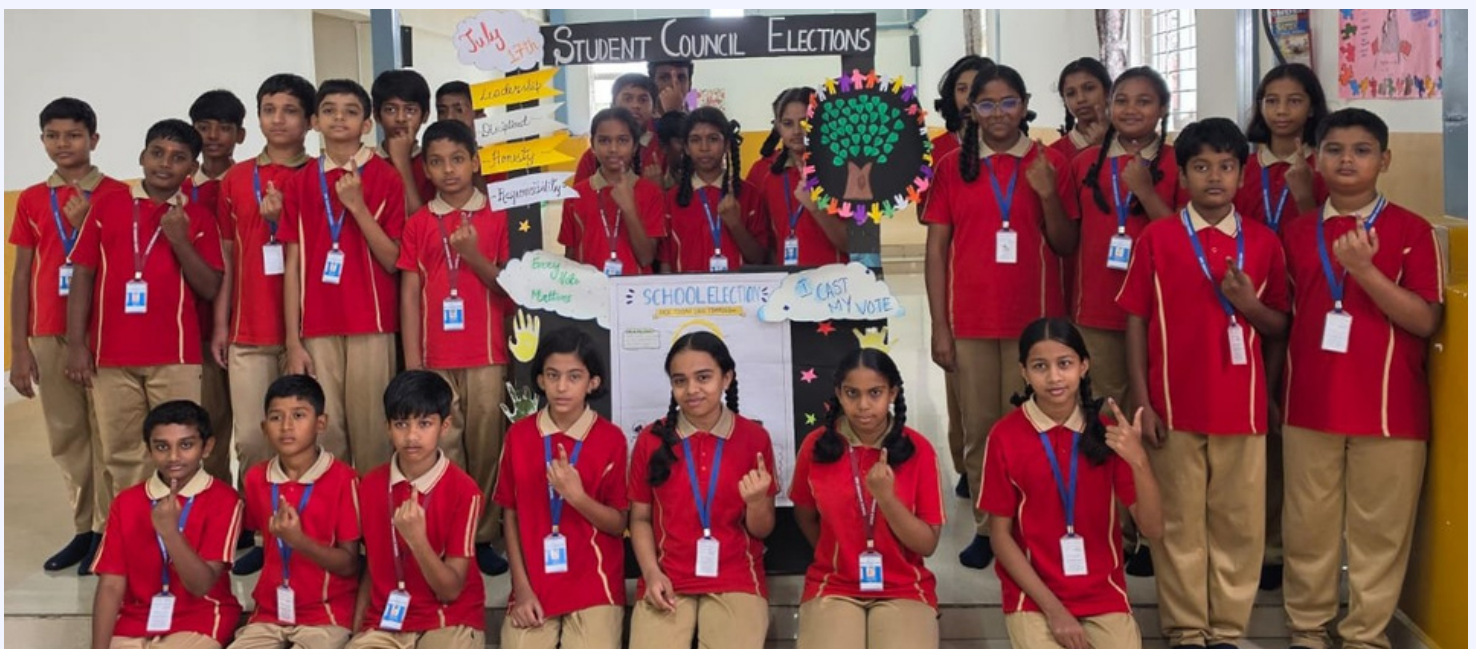

The election also provided a practical learning experience, helping students appreciate the importance of informed decision-making and ethical leadership. It encouraged them to think critically, participate confidently, and contribute meaningfully to school life.

By engaging in this democratic process, students developed a sense of responsibility and civic awareness while experiencing how every vote contributes to a collective decision. It was an enriching opportunity that strengthened their confidence and leadership qualities.

At SVR Chinmaya School, we believe that leadership begins with participation. Events like the Student Council Election empower students to become responsible citizens, compassionate leaders, and active contributors to society.

*"Leadership is not about a position—it's about responsibility, integrity, and the courage to serve."*

# Little Movers Carnival – Little Hands, Big Happiness

The Little Movers Carnival was a vibrant celebration of fun, laughter, and joyful learning. Our young learners eagerly participated in exciting games, interactive activities, and playful challenges that encouraged confidence, creativity, and teamwork. Every smile, cheer, and little achievement made the day truly special, creating beautiful memories and reminding us that happiness grows when children learn, play, and celebrate together.

## Tiny Steps, Endless Confidence

Beyond the fun, the carnival offered meaningful opportunities for children to build confidence, develop social skills, and express themselves freely. Every activity encouraged curiosity, teamwork, and self-belief, helping them learn through play while creating cherished memories that will be treasured for years to come.
